

## 2021 Iowa ASCD Spring Leadership Academy

### ***United Front: Preparing to Move Forward!***

***April 22, 2021***

Danielle Theis, trauma in schools expert, will lead this virtual event.

This past year brought numerous sudden and drastic changes. Our country has been plagued with a pandemic, bringing mental stress, loss and turmoil into their lives. The decline in the quality of so many people's lives, and the shift from in-person education to virtual and hybrid schedules, has made the task of motivating and leading our staff even more challenging.

During this interactive session, Administrators, School Counselors and Instructional Coaches will learn what to ***Anticipate*** as we begin the process of restoring what has been lost, what to ***Prepare for*** as we approach the return to 100% in-person learning, and how to ***Respond to*** the negativity that often accompanies system restoration and transformation.

**As a result of attending this workshop**, School Leaders will be able to do the following:

1. Identify trauma responsive indicators and thought patterns that indicate additional supports may be needed for staff and students;
2. Recognize risk factors for systemic impact due to negative undercurrents;
3. Outline a responsive plan to position your teams for the establishment of healing and solution focused momentum moving forward.
