2021 Iowa ASCD & NIET Instructional Framework for Iowa October 5-6-7, 2021 Virtual Workshop

Iowa ASCD is partnering with NIET (National Institute for Excellence in Teaching) to provide a three-day virtual workshop on the Instructional Framework of Iowa on [October 5-6-7, 2021](#).

What is an Instructional Framework and why do we need one?

The NIET Instructional Framework for Iowa is a resource that is designed to **support improvement in teaching and learning**.

How?

By **clearly defining effective teaching and student-centered instruction**, the NIET Instructional Framework provides teachers with a **common language to strengthen their practices through collaboration, feedback, and support**.

Overview: This **3-day training** provides instructional leaders with a foundational understanding the Iowa Instructional Framework.

Participants will gain a clear understanding of:

- the framework indicators and descriptors
- how to use the framework to train, support and coach teachers using the common language
- teaching and learning practices outlined in the NIET Instructional Framework for Iowa

Who should attend: **Bring a team!** Even if you are not using the NIET Instructional Framework, you can invite a team to learn more about the Framework to attend this session. Consider your superintendent, TLC leads, instructional coaches, teacher leaders, and principals for this learning opportunity.

Where: Virtual Event – a personalized link will be sent to you one day prior to event. Session links will be available for 30 days for registered participants.

Registration: <https://iowaascd.org> events tab

Fee: \$225 and every fourth team member is \$150
