Iowa ASCD is proud to present the 12th Annual Curriculum Leadership Academy. The Curriculum Leadership Academy is designed for those who have leadership responsibility for curriculum, instruction, assessment and professional development. Whether you are a curriculum director, a principal, superintendent, or teacher leader with curriculum responsibilities, this Academy is designed for you! Join us this year as we continue our conversation about meeting the needs of all learners through Response to Intervention (RtI). Learn from leaders of schools of all grade levels and sizes who are at various stages of implementation of RtI.
